INDEPENDENT AUDITOR'S REPORT

November 22, 2022

Board of School Directors
Chichester School District
Aston, Pennsylvania

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Chichester School District ("the District"), Aston, Pennsylvania, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Chichester School District, Aston, Pennsylvania, as of June 30, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof, and the respective budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS") and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Change in Accounting Principle

As discussed in Notes 1 and 18 in the notes to the financial statements, for the year ended June 30, 2022, the District adopted the provisions of Governmental Accounting Standards Board Statement No. 87 "Leases." Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

The District's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for one year after the date that the financial statements are issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.

Board of School Directors
Chichester School District

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5 through 14, and the schedule of the District's proportionate share of the net pension liability - PSERS, schedule of District pension contributions - PSERS, schedule of the District's proportionate share of the net OPEB liability - PSERS, schedule of District OPEB contributions - PSERS, and schedule of changes in the District's net OPEB liability - single employer plan on pages 59 through 63 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The schedule of expenditures of federal awards on pages 69 and 70 is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"), and is not a required part of the financial statements.

The schedule of expenditures of federal awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare

Board of School Directors
Chichester School District

the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 22, 2022, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

**MANAGEMENT'S DISCUSSION AND ANALYSIS – UNAUDITED
JUNE 30, 2022**

The discussion and analysis of the financial performance of the Chichester School District ("the District") provides an overall review of the District's financial activities for the fiscal year ended June 30, 2022. The intent of this discussion and analysis is to look at the District's financial performance as a whole; readers also should review the basic financial statements and the notes thereto to enhance their understanding of the District's financial performance.

FINANCIAL HIGHLIGHTS

The District's total general fund revenue for the 2021-2022 fiscal year was approximately 2.8 percent higher than the adjusted budget. The favorable revenue variance was due primarily to revenue received from real estate transfer taxes in a favorable real estate market, and higher than budgeted State subsidies due to the State budget approval following the District's final budget adoption.

The Ready to Learn block grant was included in the original budget, which provided the District with approximately \$540,000 in additional funds. The District utilized approximately \$300,000 in reimbursements from Medicaid ACCESS funds to support expenditures in the special education programs.

With the continuation of effects related to the COVID-19 Global Pandemic, the District did realize savings in some cost centers. The 2021-2022 fiscal year budget had an excess of revenue over expenditures, which are being utilized to offset future debt service. Through a combination of cost savings measures, allocated ESSER funds and modified operations, the District realized a surplus of approximately \$600,000 in revenue and other financing sources over expenditures and other financing uses.

The District was able to minimize the increase in expenditures for salaries through attrition, replacing staff at a lower cost based on years of experience and a shortage of staff due to the limited labor pool. Overall health benefits decreased for the 2021-2022 fiscal year through continued participation in the Delaware County Healthcare Trust. The District continues to engage the workplace safety committee to monitor and help to control the costs. Higher than normal years of incidents are factoring out of the District's premium calculation. Special education experienced an increase in tuition to Charter and Cyber Charter schools and other outside placements. This increase was offset by lower utilization of intermediate unit services needed to support students in programs outside of the District. The District continued to participate in energy savings initiatives along with participating in state and national cooperative purchasing agreements.

The District's net pension liability decreased by \$20,832,000, or 18.76 percent, from the prior year to a total of \$90,202,000. While the net pension liability is significant to the District's financial statements, it is a liability the District has limited control over, as it is determined by an actuarial valuation. Over the last five years, the PSERS employer contribution rate has risen on average 2.0 percent per year, from 33.43 percent in 2018 - 2019 to 35.26 percent in 2022-2023. These increases are expected to improve the plan's funding level, which will reduce the net pension liability in future years. Current projections

**CHICHESTER SCHOOL DISTRICT
BOOTHWYN, PENNSYLVANIA**

**MANAGEMENT'S DISCUSSION AND ANALYSIS – UNAUDITED (CONT'D)
JUNE 30, 2022**

through the 2029 - 2030 fiscal year anticipate increases to a level of 37.30 percent. The District has assigned fund balance from the general fund to help offset future increases, which has an available balance of \$4,969,245 as of June 30, 2022.

OVERVIEW OF FINANCIAL STATEMENTS

Entity-wide Statements

The two entity-wide statements, which are on pages 15 and 16, report the District's net position and how it has changed. Net position, the difference between the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, is one way to measure the District's financial health. Over time, increases or decreases in the District's net position is an indication of whether its financial health is improving or deteriorating.

To assess the overall financial health of the District, the reader needs to consider, among other things, additional financial and nonfinancial factors, such as changes in the District's property tax base, changes in student enrollment, and the condition of facilities.

The entity-wide financial statements of the District are divided into two categories:

- **Governmental Activities** – All of the District's basic services are included here, such as instruction, administration, and community services. Property taxes, state and federal subsidies, and grants finance most of these activities.
- **Business-type Activities** – The District operates a food service operation. Staff, students, and visitors are charged fees to help cover the costs of the food service operation.

Fund Financial Statements

The District's fund financial statements, which begin on page 17, provide detailed information about the most significant funds – not the District as a whole. Some funds are required by state law and by bond requirements.

Governmental funds – Most of the District's activities are reported in governmental funds, which focus on the determination of financial position and change in financial position, not on income determination. They are reported using the modified accrual accounting method, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District's operations and the services it provides. Governmental fund information helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the governmental fund financial statements.

**CHICHESTER SCHOOL DISTRICT
BOOTHWYN, PENNSYLVANIA**

**MANAGEMENT'S DISCUSSION AND ANALYSIS – UNAUDITED (CONT'D)
JUNE 30, 2022**

Proprietary fund – This fund is used to account for District activities that are similar to business operations in the private sector; or where the reporting focuses on determining net income, financial position, and changes in financial position, and a significant portion of funding is received through user charges. When the District charges customers for services it provides – whether to outside customers or to other units in the District – these services generally are reported in the proprietary funds. The Food Service Fund reflected on pages 22 through 24 is the District's only proprietary fund and is the same as the business-type activities reported in the entity-wide statements, but provides more detail and additional information, such as cash flows.

Fiduciary fund – The District is an agent for funds held on behalf of the students of the District. All of the District's fiduciary activities are reported in the Statements of Net Position - Fiduciary Fund on page 25 and Statements of Changes in Net Position on page 26. These activities are excluded from the District's other financial statements because the assets cannot be utilized by the District to finance its operations.

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

The District's total net deficit was \$33,864,066 at June 30, 2022 and \$41,712,744 at June 30, 2021. A comparative analysis of fiscal years 2022 and 2021 follows.

**Table A-1

**CHICHESTER SCHOOL DISTRICT
BOOTHWYN, PENNSYLVANIA**

**MANAGEMENT'S DISCUSSION AND ANALYSIS – UNAUDITED (CONT'D)
JUNE 30, 2022**

Many of the District's assets are invested in capital assets such as land, buildings, and equipment. The unrestricted net deficit of the District increased because of expenses exceeding revenues for the year, as more fully described in the paragraphs that follow. Long-term liabilities increased due to an increase in the actuarially determined net pension liability, offset by the repayment of general obligation bonds.

The results of this year's operations as a whole are reported in the Statement of Activities on page 16. All expenses are reported in the first column. Specific charges, grants, revenues, and subsidies that directly relate to specific expense categories reduce the expense amounts, thus showing the final amount of the District's activities that are supported by other general revenues. The two largest general revenues are the local taxes assessed to taxpayers, and grants and entitlements not restricted to specific programs, the majority of which is the basic education subsidy provided by the Commonwealth of Pennsylvania.

Table A-2 takes the information from the Statement of Activities and rearranges it slightly, so the reader can see total revenues for the year.

**Table A-2

Transfers	-	303,340	-	(303,340)	-	-
TOTAL EXPENSES AND TRANSFERS	81,910,542	79,797,282	1,923,452	1,302,568	83,833,994	81,099,850
CHANGE IN NET POSITION	\$ 7,630,496	\$ 2,021,095	\$ 218,182	\$ (157,425)	\$ 7,848,678	\$ 1,863,670

Total governmental activities expenses and transfers were \$81,910,542 and \$79,797,282 for the years ended June 30, 2022 and 2021.

District-wide salaries increased 5.2 percent in comparison to the 2020 - 2021 fiscal year. Contracts and agreements already in place are the main driver behind 2.0%-3.0% of the increases. During the 2021 - 2022 fiscal year, additional staffing for learning support and autistic support were added for Student Services, to respond to the ever- changing landscape of student services. Savings were realized for instructional assistants, as the ability to hire staff was supplemented with outside service providers. Activity related to coaches and advisors receiving extra duty wages increased, as the activities could resume on a more normal basis. Employee benefits increased by 3.5 percent, primarily based on FICA and PSERS retirement contributions calculated on the wage base. There was a higher utilization in prescription benefits which was offset by a lower anticipated cost for health insurance. The allocation of COVID-19 response funding as well as ESSER funding (Elementary and Secondary School Emergency Relief Fund) to the District represented 3.42% of overall expenditures. An increase in regular education expenses was related to wages per employment contracts and the PSERS retirement benefit, and tuition to charter and cyber schools. Special education expenses increased wages per employment contracts, increased staffing and the PSERS retirement benefit. Contracted services for student support services increased based on the needs of the student enrollment during the school year, along with tuition to charter and cyber schools, and services provided by the intermediate unit. Pupil Health Services added staffing previously unfilled along with equipment needed for vision related services. Pupil transportation expenditures increased as transportation levels began to return to normal levels from modified routes and hybrid instruction. The District will recover a percentage of debt service costs through the PlanCon process, a Commonwealth funding initiative. This source helps to maintain an overall level debt service. Any new debt incurred for district renovations will no longer be eligible, as the PlanCon program is suspended for new projects.

**CHICHESTER SCHOOL DISTRICT
BOOTHWYN, PENNSYLVANIA**

**MANAGEMENT'S DISCUSSION AND ANALYSIS – UNAUDITED (CONT'D)
JUNE 30, 2022**

Total business-type activities (food services) expenses were \$1,923,452 and \$1,605,908 for the years ended June 30, 2022 and 2021, respectively, and include costs necessary to operate the cafeterias in all schools. The District's practice is to operate food service activities on a break-even basis. The District fully operates under the Community Eligibility Provision, which provides efficiency in identifying students in need and increases federal reimbursement in the program. Any decrease in revenue from last year to this year is a result of partial hybrid and cyber learning due to COVID-19 and the decreased federal subsidies related to the number of eligible students that participated in the Free and Reduced program. The expenses for 2021 - 2022 increased in the Food Services department due to the increase in operations. Any expense in excess of revenue at year end would need to be subsidized by the General Fund, in the event the Food Service Fund experienced a cash flow issue.

Table A-3 shows the District's eight functions in governmental activities as well as each program's net cost (total cost less revenues generated by the activities). This table also shows costs offset by other unrestricted grants, subsidies, and contributions to show the remaining financial needs supported by local taxes and other miscellaneous revenues.

**Table A-3
Governmental Activities
For the Years Ended June 30, 2022 and 2021**

	2022		2021	
	Total Cost of Services	Net Cost of Services	Total Cost of Services	Net Cost of Services
FUNCTIONS/PROGRAMS				
Instruction	\$ 51,522,166	\$ 34,199,761	\$ 50,548,725	\$ 37,941,521
Instructional student support	6,747,236	6,175,013	6,683,888	6,135,053
Administrative and financial support	8,049,546	7,366,876	8,396,793	7,707,306
Operation and maintenance of plant	9,215,638	8,434,073	6,003,854	5,510,859
Pupil transportation	3,738,782	2,662,990	3,634,003	2,688,784
Student activities	1,385,295	1,213,766	1,158,600	1,029,256
Community services	113,257	97,000	134,388	131,188
Interest on long-term debt	1,138,622	(699,424)	2,933,691	945,567
TOTAL GOVERNMENTAL ACTIVITIES	<u>\$ 81,910,542</u>	59,450,055	<u>\$ 79,493,942</u>	62,089,534
Less: Unrestricted grants and subsidies		<u>14,706,822</u>		<u>14,125,697</u>
TOTAL NEEDS FROM LOCAL TAXES		<u>\$ 44,743,233</u>		<u>\$ 47,963,837</u>

Unrestricted grants and subsidies of \$14,706,822 and \$14,125,697 for the years ended June 30, 2022 and 2021, respectively, were available to reduce the cost of services of governmental activities to net costs of \$44,743,233 and \$47,963,837. Unrestricted grants and subsidies consist of the basic education subsidy received from the Commonwealth of Pennsylvania.

FUNCTIONS/PROGRAMS	Total Cost of Services		Net Revenue (Expense) from Services	
	2022	2021	2022	2021
Food services	\$ 1,923,452	\$ 1,605,908	\$ 217,143	\$ (460,832)

The statement of revenues, expenses, and changes in net deficit for this proprietary fund further details the actual results of operations.

THE DISTRICT FUNDS

At June 30, 2022 and 2021, the District's governmental funds reported combined fund balances of \$32,273,171 and \$15,716,062, respectively. Table A-5 shows the fund balance and the total change in fund balances as of June 30, 2022 and 2021.

**Table A-5
Fund Balances
June 30, 2022 and 2021**

	Fund Balance 2022	Fund Balance 2021	Increase (Decrease)
General fund	\$ 15,857,521	\$ 15,281,611	\$ 575,910
Capital projects fund	16,033,731	326	16,033,405
Capital reserve fund	381,919	434,125	(52,206)
Total	<u>\$ 32,273,171</u>	<u>\$ 15,716,062</u>	<u>\$ 16,557,109</u>

At June 30, 2022, the Fund Balance includes assignments of \$4,498,516 for the District's share of PSERS, the Public School Employees' Retirement System, \$1,900,000 for future debt service and/or capital projects, and \$2,085,130 for bus fleet leases.

The Capital Projects Fund was utilized during the 2021 - 2022 fiscal year to make modifications to the Chichester High School pool mechanical components, the development of a life skills classroom at the high school, and a new rooftop HVAC unit at Hilltop Elementary School.

**CHICHESTER SCHOOL DISTRICT
BOOTHWYN, PENNSYLVANIA**

**MANAGEMENT'S DISCUSSION AND ANALYSIS – UNAUDITED (CONT'D)
JUNE 30, 2022**

A comparison of General Fund revenue and expenditure categories is as follows:

Table A-6

	REVENUES	
	2021 - 2022	2020 - 2021
Local	\$ 52,561,522	\$ 50,558,206
State	27,568,833	26,296,647
Federal	5,458,259	5,183,628
	\$ 85,588,614	\$ 82,038,481
	EXPENDITURES	
	2021 - 2022	2020 - 2021
Instruction	\$ 51,675,266	\$ 47,913,936
Support services	24,590,087	24,349,504
Non-instructional services	1,489,880	1,225,517
Capital outlays	97,855	124,288
Debt service	7,281,006	7,363,766
	\$ 85,134,094	\$ 80,977,011

Local source revenue increased 4.0 percent over the previous fiscal year. Millage was increases modestly along with CARES Act funding which flowed through the Delaware County Intermediate Unit. Interest income earned was negatively impacted by the economic environment, which worsened with the onset of the COVID-19 Global Pandemic. Delinquent tax collection was slightly higher.

State revenue increased from the prior fiscal year. An increase in the State Share of the Social Security Contributions, along with Rental and Sinking Fund Payments / Building Reimbursement Subsidy. The prior year Transportation Subsidy reflected a negative adjustment which appears to show an increase in the current year revenue line item. The allocation for the state property tax reduction under the Homestead Act, which remained constant, is included in the state subsidy amount.

Federal revenues reflected an increased allocation of funds to assist in responding to the COVID-19 global pandemic.

General Fund Budget

During the fiscal year, the Board of School Directors ("the Board") authorizes revisions to the original budget to accommodate differences from the original budget to the actual expenditures of the District.

**CHICHESTER SCHOOL DISTRICT
BOOTHWYN, PENNSYLVANIA**

**MANAGEMENT'S DISCUSSION AND ANALYSIS – UNAUDITED (CONT'D)
JUNE 30, 2022**

The Board approves budget expansions during the fiscal year to adjust for changes and carryover of federal and state grants. All adjustments are again confirmed at the time the annual audit is accepted, which is after the end of the fiscal year. A schedule showing the District's original and final budget amounts compared with actual amounts is provided on page 21.

Budgetary reserve includes amounts that will be used to fund contingency staffing and/or programs if deemed necessary and financially feasible as the year progresses. These amounts are transferred into expenditure categories only if the Board determines that the need exists as the school year begins or progresses.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At June 30, 2022, the District had \$86,756,406, net of depreciation/amortization invested in a broad range of governmental capital assets, including land, buildings, and furniture and equipment.

**Table A-7
Capital Assets - Net of Depreciation/Amortization
Governmental Activities**

	<u>2022</u>	<u>2021</u>
Land	\$ 3,131,855	\$ 3,131,855
Site improvements	\$ 2,199,146	\$ 2,629,993
Buildings	\$ 74,001,171	\$ 69,893,840
Furniture and equipment	\$ 3,244,444	\$ 2,907,671
Right to use assets	\$ 4,179,790	\$ 1,910,215

Business-type activities (Food Service) own \$116,630 worth of net capital assets. These assets consist of moveable equipment that will be depreciated in future years.

More detailed information about the District's capital assets is presented in Notes 1 and 4 to the financial statements.

DEBT ADMINISTRATION

The District's general obligation bond rating as of August 26, 2021 is a Standard & Poor's A+. The A+ rating is based upon the additional security for bonds provided by the Commonwealth of Pennsylvania Act 150 School District Intercept Program. The Act provides for undistributed state aid to be diverted to bond holders in the event of default.

**CHICHESTER SCHOOL DISTRICT
BOOTHWYN, PENNSYLVANIA**

**MANAGEMENT'S DISCUSSION AND ANALYSIS – UNAUDITED (CONT'D)
JUNE 30, 2022**

As of June 30, 2021, the District had total outstanding bonds of \$32,815,781. During the year, the District made payments against principal of \$4,374,031, refunded the GOB Series 2013A, and issued new debt in the amount of \$19,325,000 resulting in ending outstanding bonds payable of \$47,866,750 as of June 30, 2022.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

For the 2022 - 2023 budget, the real estate property tax was increased by 3.10 percent over the 2021 - 2022 millage rate. The District was permitted to increase taxes up to the 2021 Adjusted Act 1 Index of 4.6%. The Board also approved utilizing \$4.7 million of the assigned fund balance to minimize the tax increase and balance the budget. The General Fund expenditure budget for the 2021 - 2022 fiscal year is \$692,512 higher than the adjusted budget for 2020 - 2021 fiscal year, approximately a 3.91 percent increase. The District plans to pursue cost savings measures during the year to meet that goal.

In early 2017, Delaware County was ordered by the Court to conduct and implement a Countywide Reassessment of all properties in the County to be effective January 1, 2021. The goal was to bring a fairer property tax to the taxpayers through the reassessment of all property. Assessments now represent 100 percent of July 1, 2019 market values. This District experienced an overall decrease in the assessed values. Property owners were afforded the opportunity to appeal the assessments.

The U.S. 322 Improvement Project is on hold with the allocation of funds reallocated due to the COVID-19 pandemic. The project will expand the highway from two lanes to four from U.S. 1 to just east of Route 452 in Concord, Bethel, and Upper Chichester townships in Delaware County. Work began in 2019 and will impact the area for the District in the near future. Proposed completion dates are between 2023 and 2025 for the areas most impacting Chichester School District. The Township is working with developers to enhance the corridor by promoting underutilized properties to allow for expansion of businesses, dining and entertainment venues, and office space. Revenue generated will be gradual as the project begins in the area.

CONTACTING THE DISTRICT FINANCIAL MANAGEMENT

Our financial report is designed to provide our citizens, taxpayers, parents, students, and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or wish to request additional financial information, please contact Anthony Testa, Business Administrator, Chichester School District, 401 Cherry Tree Road, Aston, Pennsylvania 19014, (610) 485-6881, ext. 5015.

**CHICHESTER SCHOOL DISTRICT
RECONCILIATION OF BALANCE SHEET - GOVERNMENTAL FUNDS
TO STATEMENT OF NET POSITION
JUNE 30, 2022**

TOTAL GOVERNMENTAL FUND BALANCES \$ 32,273,171

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds. These assets consist of:

Land and improvements	\$ 3,131,855	
Site improvements	7,502,668	
Buildings and building improvements	118,229,291	
Furniture and equipment	4,303,465	
Right to use assets	9,022,017	
Accumulated depreciation/amortization	<u>(55,432,890)</u>	86,756,406

Refunded and new debt issuance costs resulted in deferred charges which will be amortized over the life of new debt but do not represent current rights.

Prepaid bond insurance costs	11,464	
Deferred charges on bond refunding	<u>855,774</u>	867,238

Some liabilities are not due and payable in the current period and, therefore, are not reported in the funds. Those liabilities consist of:

Bonds payable in future years, net	(51,328,539)	
Leases payable	(5,155,894)	
Accumulated compensated absences/ERIP	(1,214,368)	
Accrued interest	(304,767)	
Net OPEB liability	(7,672,335)	
Net pension liability	<u>(88,416,000)</u>	(154,091,903)

Some of the District's revenues will be collected after year end but are not available soon enough to pay for the current period's expenditures and, therefore, are considered unavailable 2,816,796

Deferred inflows and outflows of resources related to the District's net OPEB liability are based on the differences between actuarially determined expected and actual investment returns, changes in the actuarially determined proportion of the District's amount of the total OPEB liability, differences between actual and expected experience, and pension contributions made after the measurement date of the net OPEB liability. These amounts will be amortized over the estimated remaining average service life of the employees.

Deferred outflows relating to OPEB	2,100,144	
Deferred inflows relating to OPEB	<u>(3,953,271)</u>	(1,853,127)

Deferred inflows and outflows of resources related to the District's net pension liability are based on the differences between actuarially determined expected and actual investment returns, changes in the actuarially determined proportion of the District's amount of the total pension liability, differences between actual and expected experience, and pension contributions made after the measurement date of the net pension liability. These amounts will be amortized over the estimated remaining average service life of the employees.

Deferred outflows relating to pension	17,338,480	
Deferred inflows relating to pension	<u>(17,286,807)</u>	51,673

NET DEFICIT OF GOVERNMENTAL ACTIVITIES \$ (33,179,746)

**CHICHESTER SCHOOL DISTRICT
RECONCILIATION OF STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN
FUND BALANCES - GOVERNMENTAL FUNDS TO STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2022**

NET CHANGE IN FUND BALANCES - GOVERNMENTAL FUNDS \$ 16,557,109

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation/amortization expense. This is the amount by which depreciation/amortization expense (\$6,059,890) exceeded capital outlays (\$12,342,722). 6,282,832

Because some property taxes will not be collected for several months after the District's fiscal year ends, they are not considered as "available" revenues in the governmental funds. Unavailable tax revenues decreased by this amount this year. (199,715)

The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items. Repayment of note principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. (20,628,057)

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. This amount is the net of the differences in compensated absences and ERIP. 393,597

Interest on long-term debt in the statement of activities differs from the amount reported in the governmental funds because interest is recognized as an expenditure in the funds when it is due and, thus, requires the use of current financial resources. In the statement of activities, however, interest expense is recognized as the interest accrues, regardless of when it is due. This is the effect of this difference in the treatment of interest payable. 35,813

OPEB expenses in the statement of activities differ from the amount reported in the governmental funds because pension expenses are recognized on the statement of activities based on the District's proportionate share of the expenses of the cost-sharing OPEB plan and expenses of the single employer plan, whereas pension expenditures are recognized in the governmental funds when a requirement to remit contributions to the plan exists. (330,358)

Pension expenses in the statement of activities differ from the amount reported in the governmental funds because pension expenses are recognized on the statement of activities based on the District's proportionate share of the expenses of the cost-sharing pension plan, whereas pension expenditures are recognized in the governmental funds when a requirement to remit contributions to the plan exists. 5,519,275

CHANGE IN NET DEFICIT OF GOVERNMENTAL ACTIVITIES \$ 7,630,496

CHICHESTER SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Chichester School District ("the District") operates four elementary schools, one middle school, and one senior high school to provide education and related services to the residents of Upper Chichester Township, Lower Chichester Township, and the Boroughs of Marcus Hook and Trainer. The District operates under current standards prescribed by the Pennsylvania Department of Education in accordance with the provisions of the School Laws of Pennsylvania as a school district of the third class. The District operates under a locally elected nine-member board form of government.

The financial statements of the District have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") as applied to governmental units. The Governmental Accounting Standards Board ("GASB") is the authoritative standard-setting body for the establishment of governmental accounting and financial reporting principles.

Reporting Entity

The *GASB Codification of Accounting and Financial Reporting Standards* ("GASB Codification") established the criteria for determining the activities, organizations, and functions of government to be included in the financial statements of the reporting entity. In evaluating the District as a reporting entity, management has addressed all potential component units which may or may not fall within the District's financial accountability. The criteria used to evaluate component units for possible inclusion as part of the District's reporting entity are financial accountability and the nature and significance of the relationship. The District is considered to be an independent reporting entity and has no component units.

These statements include the financial activities of the primary government.

Joint Ventures

The District participates in a joint venture with the other school districts of Delaware County, Pennsylvania in the operation of a Vocational-Technical School Authority ("DCVTSA"). The DCVTSA is governed by seven members. Each member must be a citizen of a school district where the DCVTSA leases a project. The DCVTSA oversees acquiring, holding, constructing, improving, and maintaining the public area vocational-technical school buildings.

The financial statements of the DCVTSA are available at 200 Yale Avenue, Morton, Pennsylvania 19070.

Basis of Presentation

Entity-wide Financial Statements

The statement of net position and the statement of activities display information about the District as a whole. These statements distinguish between activities that are governmental and those that are considered business-type activities.

CHICHESTER SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

The entity-wide financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting as further defined under proprietary funds below. This is the same approach used in the preparation of the proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Therefore, governmental fund financial statements include a reconciliation with brief explanations to better identify the relationship between the entity-wide statements and the statements of governmental funds.

The entity-wide statement of activities presents a comparison between expenses and program revenues for each segment of the business-type activities of the District and for each governmental program. Expenses are those that are specifically associated with a service or program and are, therefore, clearly identifiable to a particular function. Program revenues include charges paid by the recipients of the goods or services offered by the programs, and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues. The comparison of program revenues and expenses identifies the extent to which each program is self-financing or draws from the general revenues of the District.

Internal activity is limited to interfund transfers which are eliminated to avoid "doubling up" revenues and expenses.

The entity-wide financial statements report net position in one of three components. Net investment in capital assets consists of capital assets, net of accumulated depreciation/amortization and reduced by the outstanding balances of borrowing attributable to acquiring, constructing, or improving those assets. Net position is reported as restricted when constraints placed on their use are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation. Those restrictions affect net position arising from special revenue and capital projects funds. Unrestricted net position consists of net position that does not meet the definition of "net investment in capital assets" or "restricted."

Fund Financial Statements

During the school year, the District segregates transactions related to certain District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance.

Fund financial statements report detailed information about the District. The focus of governmental and enterprise fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Fiduciary fund financial statements are represented by fund type.

CHICHESTER SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Governmental Funds

All governmental funds are accounted for using the modified accrual basis of accounting and the current financial resources measurement focus. Under this basis, revenues are recognized in the accounting period in which they become measurable and available. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable. The District reports the following major governmental funds:

The ***General Fund*** is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The ***Capital Projects Fund*** and the ***Capital Reserve Fund*** are used to account for the acquisition, construction, and renovation of major capital facilities and their related capital assets.

Revenue Recognition

In applying the "susceptible to accrual concept" under the modified accrual basis, revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers tax revenue and similar revenue streams to be available if collected within 60 days of the end of the fiscal period. Revenue from federal, state, and other grants designated for payment of specific District expenditures is recognized when the related expenditures are incurred; accordingly, when such funds are received, they are reported as unearned revenues until earned.

Other revenues, including certain other charges for services and miscellaneous revenues, are recorded as revenue when received in cash because they generally are not measurable until actually received.

Expenditure Recognition

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Most expenditures are measurable and are recorded when the related fund liability is incurred. However, principal and interest on general long-term debt which has not matured are recognized when paid. Allocations of costs, such as depreciation and amortization, are not recognized in the governmental funds.

Proprietary Funds

Proprietary funds are accounted for using the accrual basis of accounting. These funds account for operations that are financed primarily by user charges. The economic resources

CHICHESTER SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

measurement focus concerns determining costs as a means of maintaining the capital investment and management control. Revenues are recognized when they are earned, and expenses are recognized when they are incurred. Allocations of certain costs, such as depreciation, are recorded in proprietary funds. The District does not attempt to allocate all "building-wide costs" to the enterprise funds. Thus, general fund expenditures which partially benefit the enterprise funds (utilities, janitorial services, insurance, etc.) are not recognized proportionately with the enterprise funds. Similarly, the enterprise funds do not recognize a cost for the building space it occupies.

These funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the proprietary funds' principal ongoing operations. The principal operating revenues of the District's enterprise funds are food service and school store charges. Operating expenses for the District's enterprise funds include food production costs, supplies, and administrative costs. All revenues or expenses not meeting this definition are reported as nonoperating revenues and expenses.

Fiduciary Funds

Fiduciary funds account for the assets held by the District as a trustee or custodian for individuals, private organizations, and/or governmental units and are, therefore, not available to support the District's own programs. The District accounts for these assets in a custodial fund. The custodial fund accounts for funds held on behalf of the students of the District. The custodial fund utilizes the accrual basis of accounting and economic resources measurement focus.

Cash and Cash Equivalents

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Investments

The District's investments are valued at amortized cost, which approximates fair value.

Real Estate Taxes

Real estate taxes for the District are collected from the Borough of Marcus Hook, the Borough of Trainer, and Lower and Upper Chichester Townships. The tax on real estate for public school purposes for fiscal year 2021 - 2022 was 25.3404 mills (\$25.3404 per \$1,000 of assessed

CHICHESTER SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

valuation) as levied by the Board. Assessed valuations of property are determined by Delaware County, and the elected tax collectors are responsible for collection.

The schedule for real estate taxes levied for each fiscal year is as follows:

July 1	-	Levy Date
July 1 - August 31	-	2% Discount Payment
September 1 - October 31	-	Face Payment Period
November 1 - February 15	-	10% Penalty Period
February 28	-	Lien Date

The District experiences very small losses from uncollectible property taxes. Property taxes constitute a lien against real property and usually can be collected in full when title transfers. Only balances that remain after tax sales are written off each year. Accordingly, an allowance for doubtful accounts has not been established by the District for property taxes receivable.

Inventories

All inventories are valued at the lower of cost (first-in, first-out method) or market. The costs for inventories of governmental activities are recorded as expenditures at the time individual inventory items are purchased.

Capital Assets

Capital assets, which include property, plant, and equipment, are reported in the applicable governmental or business-type activities columns in the entity-wide financial statements and the proprietary fund financial statements. Capital assets are defined by the District as assets with an initial individual cost of more than \$3,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed, inclusive of ancillary costs.

Property, plant, and equipment (net of salvage value) of the District are depreciated/amortized using the straight-line method over the following estimated useful lives:

Building and improvements	25 - 40 years
Site improvements	10 - 20 years
Furniture and equipment	5 - 10 years
Right to use assets	life of lease

CHICHESTER SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Compensated Absences

Vested or accumulated vacation and sick leave that are expected to be liquidated with expendable available financial resources are reported as an expenditure and a fund liability of the governmental fund that will pay it. Amounts of vested or accumulated vacation and sick leave that are not expected to be liquidated with expendable available financial resources are recorded as long-term debt in the entity-wide financial statements. No expenditure is reported for these amounts in the governmental funds. Vested or accumulated vacation and sick leave of proprietary funds are recorded as an expense and liability to those funds as the benefits accrue to employees.

Long-term Obligations

Long-term debt and other long-term obligations are reported as liabilities in the entity-wide financial statements and the proprietary fund financial statements. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Bond issuance costs are expensed at the entity-wide level to the extent that they do not represent payments for bond insurance. Bond insurance costs are deferred and amortized over the life of the bonds.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, generally are reported as debt service expenditures.

Deferred Inflows and Outflows of Resources

In addition to assets and liabilities, the statement of net position includes separate sections for deferred outflows of resources and deferred inflows of resources. These separate financial statement elements represent an addition to or consumption of net position that applies to future periods and so will not be recognized as an outflow of resources (expense) or inflow of resources (revenue) until then. The District has various items that are reported in these categories. The first deferred outflow is the deferred charge on refunding reported in the government-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The second and third deferred outflows relate to pension and OPEB contributions made subsequent to the measurement date of the net pension and OPEB liabilities (generally measured one year prior to the date of the financial statements), and the unamortized portion of contributions made in excess of the District's share of its proportionate contributions to its pension and OPEB plans.

CHICHESTER SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Deferred outflows also encompass the actuarially determined amount of the additional expense resulting from the change in the District's share of the net pension liability and net OPEB liability from year to year. These amounts are amortized over the actuarially determined estimated remaining service life of all employees in the plan.

Governmental funds report deferred inflows of resources in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition with resources that have been received but not yet earned. At the end of the current fiscal year, deferred inflows of resources reported in the general fund resulted from delinquent property taxes receivable.

On the statement of net position, a deferred inflow is recorded when the pension and OPEB plans' investments realize a greater rate of return than the estimated rate of return used as part of the actuarial valuation of the plan; the excess amount is amortized over five years. A deferred inflow is also recorded for differences between the actuarially expected experiences of the pension and OPEB plans and the change in proportionate share of the net pension and OPEB liabilities. These differences are amortized over the actuarially determined estimated remaining service life of all employees in the plans. See Note 7 for further analysis of deferred outflows and inflows of resources related to the net pension liability and Notes 15 and 16 for further analysis of deferred outflows and inflows of resources related to the net OPEB liability.

Fund Equity

Fund balances of the governmental funds are classified, if applicable, as follows:

Nonspendable – amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted – amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation, or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Committed – amounts that can be used only for specific purposes determined by formal action of the Board of School Directors. The Board is the highest level of decision-making authority for the District. Commitments may be established, modified, or rescinded only through resolutions approved by the Board of School Directors.

Assigned – amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. The Business Administrator may assign amounts for specific purposes.

Unassigned – all other spendable amounts.

CHICHESTER SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balances are available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds and, finally, unassigned funds, as needed, unless the Board or the Business Administrator have provided otherwise in their commitment or assignment actions.

Comparative Data

Comparative totals for the prior year have been presented in the accompanying financial statements in order to provide an understanding of changes in the District's financial position and operations. However, presentation of prior year totals by fund and activity type have not been presented in each of the statements since their inclusion would make the statements unduly complex and difficult to read.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Implementation of GASB Statement

During the year ended June 30, 2022, the District implemented GASB Statement No. 87, "Leases." GASB No. 87 establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under the new guidance, governments leasing assets under lease agreements meeting certain criteria recognize a lease liability and an intangible right-to-use asset. The District leases technology equipment and transportation vehicles through lease agreements that are subject to the requirements of GASB No. 87.

NOTE 2 DEPOSITS AND INVESTMENTS

Custodial Credit Risk - Deposits

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned. The District does not have a policy for custodial credit risk but adheres to the requirements of Act 72 of the Commonwealth of Pennsylvania. At June 30, 2022, the carrying amount of the District's deposits was \$11,289,275, and the bank balance

CHICHESTER SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 2 DEPOSITS AND INVESTMENTS (cont'd)

was \$11,486,377. Of the bank balance, \$250,000 was covered by federal depository insurance, and \$2,842,984 was exposed to custodial credit risk because, in accordance with Act 72 of the Commonwealth of Pennsylvania, it was uninsured and the collateral held by the depository's agent was not in the District's name. The remaining \$8,393,393 of the cash deposits of the District are in the Pennsylvania School District Liquid Asset Fund ("PSDLAF"). Although not registered with the Securities and Exchange Commission and not subject to regulatory oversight, PSDLAF acts like money market mutual funds in that their objective is to maintain a stable net asset value of \$1 per share, are rated by a nationally recognized statistical rating organization, and are subject to an independent annual audit. See credit risk below for PSDLAF rating information.

Investments

The District's investments consist of \$23,027,813 invested in 2a7-like pools with PSDLAF. The amortized cost, which approximates fair value of the pool, is determined by the pool's share price. The District has no regulatory oversight for the pools, which are governed by the Board of Trustees. PSDLAF is administered by PMA Financial Network, Inc., and the pool is audited annually by PricewaterhouseCoopers LLP, an independent certified public accounting firm.

Interest Rate Risk

The District's investment policy follows the Pennsylvania School Code as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk

The District's investment policy follows the Pennsylvania School Code in limiting its investment choices to those with certain credit ratings. As of June 30, 2022, PSDLAF was rated as AAAM by a nationally recognized statistical rating organization. All certificates of deposit are fully covered by FDIC insurance.

Concentration Risk

The District places no limit on the amount it may invest in any one issuer.

NOTE 3 DUE FROM OTHER GOVERNMENTS

Amounts due from other governments represent receivables for revenues earned by the District or collections made by another governmental unit on behalf of the District. At June 30, 2022, the following amounts are due from other governmental units:

CHICHESTER SCHOOL DISTRICT

Depreciation/amortization expense was charged to functions/programs of the District as follows:

Governmental activities:		
Instruction	\$ 4,033,463	
Instructional student support	524,786	
Administrative and financial support services	634,470	
Operation and maintenance of plant services	471,459	
Pupil transportation	288,451	
Student activities	<u>107,261</u>	
Total Depreciation/Amortization Expense - Governmental Activities	<u>\$ 6,059,890</u>	
Business-type Activities		
Food Service	<u>\$ 11,135</u>	

NOTE 5 INTERNAL RECEIVABLES, PAYABLES, AND TRANSFERS

The composition of interfund balances as of June 30, 2022 is as follows:

<u>Due from</u>	<u>Amount</u>	<u>Due to</u>	<u>Amount</u>
Food Service Fund	\$ 168,000	General Fund	\$ 804,442
Capital Projects Fund	636,442		
Total	<u>\$ 804,442</u>	Total	<u>\$ 804,442</u>

Interfund balances between funds represent temporary loans recorded at year end subsequent to a final allocation of expenses. The balances generally are paid shortly after year end.

During the year ended June 30, 2022, there were no transfers between funds.

NOTE 6 ACCUMULATED LEAVES

Vacation – District employees who are required to work on a 12-month schedule are credited with vacation at rates which vary with length of service or job classification. Vacation (for most employee categories) may be taken or accumulated within certain limits but must be used annually or forfeited. Vacation is credited July 1 of the fiscal year for time earned in the previous fiscal year.

CHICHESTER SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 6 ACCUMULATED LEAVES (cont'd)

Early Retirement Incentive ("ERIP") – The District periodically offers early retirement incentive programs to administrative personnel. A single payment is made to the retiree during the month of July immediately following the year of retirement or, if the retiree so requests, the payment may be held and made in the subsequent January. The early retirement incentive programs are subject to annual adoption by the Board.

Sick Leave and Personal Leave – Most District employees are credited with 10 days of sick leave and two days of personal leave annually to a maximum of 150 days. Upon retirement or termination, and after 10 years of service to the District, such employees are paid at the rate of \$50 for each day of accumulated sick leave at separation.

NOTE 7 PENSION PLAN

The District contributes to the Public School Employees' Retirement System ("PSERS"), a governmental cost-sharing multiple-employer defined benefit pension plan that provides retirement benefits to public school employees of the Commonwealth of Pennsylvania. The members eligible to participate in the system include all full-time public school employees, part-time hourly public school employees who render at least 500 hours of service in the school year, and part-time per diem public school employees who render at least 80 days of service in the school year in any of the reporting entities in Pennsylvania. Benefit terms and contributions may be amended by passing bills in the Pennsylvania Senate and House of Representatives and sending them to the Governor for approval. PSERS issues a publicly available comprehensive annual financial report that includes the financial statements and required supplementary information for the plan. A copy of this report may be obtained by writing to the Public School Employees' Retirement System, P.O. Box 125, Harrisburg, Pennsylvania, 17108-0125, or by visiting the PSERS website at www.psers.state.pa.us.

Benefits Provided

PSERS provides retirement, disability, and death benefits. Members are eligible for monthly retirement benefits upon reaching (a) age 62, with at least one year of credited service, (b) age 60 with 30 or more years of credited service, or (c) 35 or more years of service regardless of age. Act 120 of 2010 ("Act 120") preserves the benefits of existing members and introduced benefit reductions for individuals who became new members on or after July 1, 2011. Act 120 created two new membership classes, Membership Class T-E ("Class T-E"), and Membership Class T-F ("Class T-F"). To qualify for normal retirement, Class T-E and Class T-F members must work until age 65 with a minimum of three years of service, or attain a total combination and age and service that is equal to or greater than 92, with a minimum of 35 years of service.

Benefits are generally equal to two percent or two and one-half percent, depending upon the membership class, of the member's final average salary as defined in the Code, multiplied

CHICHESTER SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 7 PENSION PLAN (cont'd)

by the number of years of credited service. For members whose membership started prior to July 1, 2011, after completion of five years of service, a member's right to the defined benefits is vested, and early retirement may be elected. For Class T-E and Class T-F members, the right to benefits is vested after ten years of service.

Participants are eligible for disability retirement benefits after completion of five years of credited service. Such benefits are generally equal to two percent or two and one-half percent, depending upon the membership class, of the member's final average salary as defined in the Code, multiplied by the number of years of credited service, but not less than one-third of such salary nor greater than the benefit the member would have had at normal retirement age. Members over normal retirement age may apply for disability benefits.

Death benefits are payable upon the death of an active member who has reached age 62 with at least one year of credited service (age 65 with at least three years of credited service for Class T-E and Class T-F members, or who has at least five years of credited service for Class T-E and Class T-F members). Such benefits are actuarially equivalent to the benefit that would have been effective if the member had retired on the day before death.

Member Contributions

Active members who joined the system prior to July 22, 1983 contributed at 5.25 percent (Membership Class T-C), or at 6.50 percent (Membership Class T-D) of the member's qualifying compensation.

Members who joined the system on or after July 22, 1983, and who were active or inactive as of July 1, 2001, contribute at 6.25 percent (Membership Class T-C), or at 7.50 percent (Membership Class T-D) of the member's qualifying compensation.

Members who joined the system after June 30, 2001 and before July 1, 2011 contribute at 7.50 percent (automatic Membership Class T-D). For all new hires and for members who elected Class T-D membership, the higher contribution rates began with service rendered on or after January 1, 2002.

Members who joined the system after June 30, 2011 automatically contribute at the Membership Class T-E rate of 7.50 percent (base rate) of the member's qualifying compensation. All new hires after June 30, 2011, who elect Class T-F membership, contribute at 10.30 percent (base rate) of the member's qualifying compensation. Membership Classes T-E and T-F are affected by a "shared risk" provision in Act 120 that in future fiscal years could cause the Membership Class T-E contribution rate to fluctuate between 7.50 percent and 9.50 percent, and Membership Class T-F contribution rate to fluctuate between 10.30 percent and 12.30 percent.

CHICHESTER SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 7 PENSION PLAN (cont'd)

Employer Contributions

The District's contractually required annual contribution is based on an actuarially determined amount that, when combined with the employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. For the year ended June 30, 2022, the rate of the employer contribution was 34.94 percent of covered payroll, allocated 33.99 percent to pensions, 0.15 percent to the Act 5 defined contribution plan, and 0.80 percent for healthcare premium assistance. The District's pension contribution to PSERS for the year ended June 30, 2022 was \$11,178,706.

Pension Liability and Expense, and Deferred Outflows and Inflows of Resources

At June 30, 2022, the District reported a liability of \$90,202,000 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by rolling forward the system's total pension liability as of June 30, 2020 to June 30, 2021. The District's proportion of the net pension liability was calculated utilizing the employer's one-year reported covered payroll as it relates to the total one-year reported covered payroll. At June 30, 2021, the District's proportion was 0.2197 percent, which was a decrease of 0.0058 percent from its proportion measured as of June 30, 2020.

For the year ended June 30, 2022, the District recognized pension expense of \$5,547,942. At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Net difference between projected and actual investment earnings	\$ 4,375,000	\$ 14,358,000
Difference between actual and expected experience	66,000	1,185,000
Changes in proportions	1,705,000	2,093,000
Difference between employer contributions and proportionate share of total contributions	364,010	-
Contributions subsequent to the date of measurement	<u>11,178,706</u>	<u>-</u>
	<u>\$17,688,716</u>	<u>\$ 17,636,000</u>

CHICHESTER SCHOOL DISTRICT
 NOTES TO FINANCIAL STATEMENTS
 JUNE 30, 2022

NOTE 7 PENSION PLAN (cont'd)

An amount of \$11,178,706 is reported as deferred outflows of resources resulting from the District's contributions subsequent to the measurement date and will be recognized as a reduction of the net pension liability in the year ended June 30, 2023. Other amounts will be reported as deferred outflows of resources and deferred inflows of resources related to pensions, and will be recognized in pension expense as follows:

<u>Year Ended June 30,</u>	
2023	\$ (2,600,767)
2024	(1,610,959)
2025	(2,360,132)
2026	(4,554,132)
	\$ (11,125,990)

Actuarial Assumptions

The total pension liability as of June 30, 2021 was determined by rolling forward the system's total pension liability as of the June 30, 2020 actuarial valuation to June 30, 2021 using the following actuarial assumptions, applied to all periods included in the measurement:

- Actuarial cost method – entry age normal, level percentage of pay.
- Investment return – 7.00 percent, including inflation of 2.50 percent.
- Salary increases – effective average of 4.50 percent, which reflects an allowance for inflation of 2.50 percent, real wage growth, and merit or seniority increases of 2.00 percent.
- Mortality rates were based on the RP-2014 Mortality Tables for males and females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2015 Mortality Improvement Scale. Effective with the June 30, 2021 actuarial valuation, mortality rates are based on a blend of 50 percent PubT-2010 and 50 percent PubG-2010 Retiree Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2020 Improvement Scale.

The long-term expected rate of return on pension plan investments was determined using the building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The pension plan's policy in regard to the allocation of invested plan assets is established and may be amended by the PSERS Board of Directors. Plan assets are managed with a long-term

CHICHESTER SCHOOL DISTRICT
 NOTES TO FINANCIAL STATEMENTS
 JUNE 30, 2022

NOTE 7 PENSION PLAN (cont'd)

objective of achieving and maintaining a fully funded status for the benefits provided through the pension.

A schedule of plan investments by asset class, target allocations, and long-term expected real rate of return is as follows:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-term Expected Real Rate of Return</u>
Global public equity	27.0%	5.2%
Private equity	12.0%	7.3%
Fixed income	35.0%	1.8%
Commodities	10.0%	2.0%
Absolute return	8.0%	3.1%
Infrastructure/MLPs	8.0%	5.1%
Real estate	10.0%	4.7%
Cash	3.0%	0.1%
Leverage	(13.0%)	0.1%
	<u>100.0%</u>	

The above was the PSERS Board's adopted asset allocation policy and best estimates of geometric real rates of return for each major asset class as of June 30, 2021.

Discount Rate

The discount used to measure the total pension liability was 7.00 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at contractually required rates which are actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability, calculated using the discount rate of 7.00 percent, as well as what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00 percent) or one percentage point higher (8.00 percent) than the current rate.

CHICHESTER SCHOOL DISTRICT
 NOTES TO FINANCIAL STATEMENTS
 JUNE 30, 2022

NOTE 8 LONG-TERM LIABILITIES (cont'd)

Payments of long-term liabilities are expected to be funded by the general fund for governmental activities, and for business type activities, long-term liabilities will be paid by the food service fund.

General Obligation Bonds

On December 7, 1999, the District issued General Obligation Zero Coupon Bonds in the amount of \$9,993,126 with a variable interest rate, maximum of 6.2%, to advance refund the General Obligation Bonds, Series of 1996. The bonds mature March 1, 2029. \$ 4,466,750

On May 16, 2013, the District issued General Obligation Bonds, Series B in the amount of \$13,560,000 with a variable interest rate, maximum of 5.0%, to partially refund the General Obligation Bonds, Series of 2006. The General Obligation Bonds mature March 15, 2029. An amount of \$8,770,000 was advance refunded and legally defeased through the issuance of General Obligations Bonds, Series of 2017. As of June 30, 2022, \$8,125,000 remains outstanding but legally defeased. 1,105,000

On December 30, 2014, the District issued General Obligation Bonds in the amount of \$12,025,000 with a variable interest rate, maximum of 4.0%, to refund General Obligation Bonds, Series of 2005 and 2009A, and to partially refund General Obligation Bonds, Series of 2006. The General Obligation Bonds mature November 15, 2022. 660,000

On December 12, 2017, the District issued General Obligation Bonds in the amount of \$9,880,000 with a variable interest rate, maximum of 4.0%, to partially advance refund the General Obligation Bonds Series of 2013B. The General Obligation Bonds mature October 15, 2028. 9,350,000

On February 25, 2021, the District Issued General Obligation Note 2021 Series A in the amount of \$8,033,000 with a variable interest rate, maximum of 15.0% to currently refund the General Obligations Bonds Series of 2012. The General Obligation Note mature through March 25, 2026. 6,285,000

On September 15, 2021, the District Issued General Obligation Note 2021 Series B in the amount of \$8,005,000 with a variable interest rate, maximum of 15.0% to currently refund the General Obligations Bonds Series of 2013A. The General Obligation Note mature through February 25, 2028. The refunding resulted in a cash flow savings of \$1,039,963 and a present value savings of \$994,353. 6,675,000

NOTE 9 SOCIAL SECURITY SYSTEM

The District, in accordance with Commonwealth of Pennsylvania and Federal Social Security regulations, is required to participate in the Federal Social Security System ("FICA"). The cost of providing benefits under FICA is shared by the employees, the District, and the state. Employees must contribute one-half of the contribution with the employer providing a

CHICHESTER SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 9 SOCIAL SECURITY SYSTEM (cont'd)

matching amount. In prior years, the District paid one-half of the matching amount, and the state paid one-half of the matching amount. Effective January 1, 1989, consistent with federal social security regulations, the District is required to pay the entire matching amount. In order to provide the funds from state sources to pay the state's share of the contribution, an additional revenue from state sources was created. This source, entitled "State Social Security Payments," resulted in additional revenue from state sources of \$1,419,894 for the fiscal year ended June 30, 2022. This revenue, along with District funds collected from local sources, was used to pay the District's contribution for the fiscal year. The District is current on all payments to FICA.

NOTE 10 FUND BALANCES

As of June 30, 2022, fund balances are composed of the following:

	<u>General Fund</u>	<u>Capital Projects Fund</u>	<u>Capital Reserve Fund</u>	<u>Total Governmental Funds</u>
Nonspendable (prepaid items)	\$ 570,792	\$ -	\$ -	\$ 570,792

 Total Fund Balances	 <u>\$15,857,521</u>	 <u>\$16,033,731</u>	 <u>\$ 381,919</u>	 <u>\$ 32,273,171</u>

NOTE 11 DEFICIT NET POSITION

For governmental activities, business-type activities, and the food service fund, the unrestricted net deficit amounts of \$79,912,818, \$800,950, and \$800,950, respectively, includes the effect of deferring the recognition of pension and OPEB contributions made subsequent to the measurement dates of the net pension and OPEB liability, the unamortized portion of contributions made in excess of the District's share of its proportionate contributions to its pension and OPEB plans, and the deferred outflows resulting from the change in the District's share of the net pension and OPEB liabilities. This is offset by the District's actuarially

CHICHESTER SCHOOL DISTRICT
 NOTES TO FINANCIAL STATEMENTS
 JUNE 30, 2022

NOTE 11 DEFICIT NET POSITION (cont'd)

determined pension and OPEB liabilities, and the deferred inflows resulting from the differences between projected and actual investment earnings and differences between the actuarially expected and actual results of the plans.

NOTE 12 RISK MANAGEMENT

The District established a limited risk management program for workers' compensation in 1989.

Premiums are assessed by the Commonwealth of Pennsylvania and paid by the applicable fund of the District.

NOTE 13 CONTINGENCIES AND COMMITMENTS

The District is a defendant in various matters of litigation and claims. These matters result from the normal course of business. It is not presently possible to determine the ultimate outcome or settlement cost, if any, of these matters.

Numerous tax assessment appeals have been filed with the Court of Common Pleas of Delaware County, Pennsylvania. These assessment appeals include requests for reduction in the real estate assessment, assertions as to tax-exempt status, and requests to examine ratio to market value for the purpose of determining assessment. These appeals generally apply not only to the year in which the appeal was originally filed but also to years subsequent to the filing date.

NOTE 14 LEASE AGREEMENTS

The District has entered into lease agreements as a lessee for financing the acquisition of medical and technology equipment used throughout the District. These lease agreements have been capitalized (see Note 4).

Presented below is a summary of minimum lease payments to maturity by years for all leases:

<u>Year Ending June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2023	\$ 1,668,898	\$ 152,049	\$ 1,820,947

CHICHESTER SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 15 PUBLIC SCHOOL EMPLOYEES' RETIREMENT SYSTEM OTHER POSTEMPLOYMENT BENEFITS PLAN

Health Insurance Premium Assistance Program

The system provides premium assistance, which is a governmental cost sharing, multiple-employer other postemployment benefits plan ("OPEB") for all eligible retirees who qualify and elect to participate. Employer contribution rates for premium assistance are established to provide reserves in the health insurance account that are sufficient for the payment of premium assistance benefits for each succeeding year. Effective January 1, 2002 under the provisions of Act 9 of 2001, participating eligible retirees are entitled to receive premium assistance payments equal to the lesser of \$100 per month or their out-of-pocket monthly health insurance premium. Benefit terms and contributions may be amended by passing bills in the Pennsylvania Senate and House of Representatives and sending them to the Governor for approval.

Premium Assistance Eligibility Criteria

Retirees of the system can participate in the premium assistance program if they satisfy the following criteria:

- Have 24½ or more years of service, or
- Are a disability retiree, or
- Have 15 or more years of service and retired after reaching superannuation age, and
- Participate in the HOP or employer-sponsored health insurance program.

OPEB Plan Description

The District contributes to the Public School Employees' Retirement System ("PSERS"), a governmental cost-sharing multiple-employer defined benefit pension plan that provides retirement benefits to public school employees of the Commonwealth of Pennsylvania. The members eligible to participate in the system include all full-time public school employees, part-time hourly public school employees who render at least 500 hours of service in the school year, and part-time per diem public school employees who render at least 80 days of service in the school year in any of the reporting entities in Pennsylvania. PSERS issues a publicly available comprehensive annual financial report that includes the financial statements and required supplementary information for the plan. A copy of this report may be obtained by writing to the Public School Employees' Retirement System, P.O. Box 125, Harrisburg, Pennsylvania, 17108-0125, or by visiting the PSERS website at www.pfers.state.pa.us.

Benefits Provided

Participating eligible retirees are entitled to receive premium assistance payments equal to the lesser of \$100 per month or their out-of-pocket monthly health insurance premium. To receive premium assistance, eligible retirees must obtain their health insurance through either

CHICHESTER SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 15 PUBLIC SCHOOL EMPLOYEES' RETIREMENT SYSTEM OTHER POSTEMPLOYMENT BENEFITS PLAN
(cont'd)

their school employer or the PSERS' Health Options Program. As of June 30, 2022, there were no assumed future benefit increases to participating eligible retirees.

Employer Contributions

The District's contractually required contribution rate for the fiscal year ended June 30, 2022 was 0.80 percent of covered payroll, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the OPEB plan from the District were \$263,493 for the year ended June 30, 2022.

OPEB Liabilities, OPEB Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources

At June 30, 2022, the District reported a liability of \$5,207,000 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2021, and the total OPEB liability used to calculate the net OPEB liability was determined by rolling forward the system's total OPEB liability as of June 30, 2020 to June 30, 2021. The District's proportion of the net OPEB liability was calculated utilizing the employer's one-year reported covered payroll as it relates to the total one-year reported covered payroll. At June 30, 2021, the District's proportion was 0.2197 percent, which was a decrease of 0.0054 from its proportion measured as of June 30, 2020.

For the year ended June 30, 2022, the District recognized OPEB expense of \$313,081. At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Net difference between projected and actual investment earnings	\$ 10,000	\$ -
Net difference between expected and actual experience	48,000	-
Change in the proportionate share of the net OPEB liability	125,000	141,000
Change in assumptions	555,000	69,000
Difference between employer contributions and proportionate share of total contributions	-	17,892
Contributions subsequent to the date of measurement	263,493	-
	\$ 1,001,493	\$ 227,892

CHICHESTER SCHOOL DISTRICT
 NOTES TO FINANCIAL STATEMENTS
 JUNE 30, 2022

NOTE 15 PUBLIC SCHOOL EMPLOYEES' RETIREMENT SYSTEM OTHER POSTEMPLOYMENT BENEFITS PLAN
 (cont'd)

An amount of \$263,493 is reported as deferred outflows of resources resulting from the District's contributions subsequent to the measurement date and will be recognized as a reduction of the net OPEB liability in the year ended June 30, 2023. Other amounts will be reported as deferred outflows of resources and deferred inflows of resources related to OPEB and will be recognized in OPEB expense as follows:

<u>Year Ending June 30,</u>	
2023	\$ 83,684
2024	81,768
2025	107,768
2026	105,068
2027	81,853
Thereafter	49,967
	\$ 510,108

Actuarial Assumptions

The total OPEB liability as of June 30, 2021 was determined by rolling forward the system's total OPEB liability as of June 30, 2020 to June 30, 2021 using the following actuarial assumptions, applied to all periods included in the measurement:

- Actuarial cost method – Entry Age Normal - level percent of pay
- Investment return – 2.18 percent - S&P 20-year Municipal Bond Rate
- Salary growth – Effective average of 4.50 percent, comprised of inflation of 2.50 percent and 2.00 percent for real wage growth and for merit or seniority increases
- Premium assistance reimbursement is capped at \$1,200 per year.
- Assumed healthcare cost trends were applied to retirees with less than \$1,200 in premium assistance per year.
- Mortality rates were based on a blend of 50 percent PubT-2010 and 50 percent PubG-2010 Retiree Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2020 Mortality Improvement Scale.
- Participation rate:
 - Eligible retirees will elect to participate pre-age 65 at 50 percent.
 - Eligible retirees will elect to participate post-age 65 at 70 percent.

The following assumptions were used to determine the contribution rate:

- The results of the actuarial valuation as of June 30, 2019 determined the employer contribution rate for fiscal year 2021.
- Cost method: Amount necessary to assure solvency of premium assistance through the third fiscal year after the valuation date

CHICHESTER SCHOOL DISTRICT
 NOTES TO FINANCIAL STATEMENTS
 JUNE 30, 2022

NOTE 15 PUBLIC SCHOOL EMPLOYEES' RETIREMENT SYSTEM OTHER POSTEMPLOYMENT BENEFITS PLAN
 (cont'd)

- Asset valuation method: Market Value
- Participation rate: 63 percent of eligible retirees are assumed to elect premium assistance.
- Mortality Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2015 Mortality Improvement Scale.

Investments consist primarily of short-term assets designed to protect the principal of the plan assets. The expected rate of return on OPEB plan investments was determined using the OPEB asset allocation policy and best estimates of geometric real rates of return for each asset class.

The OPEB plan's policy in regard to the allocation of invested plan assets is established and may be amended by the Board. Under the program, as defined in the retirement code, employer contribution rates for premium assistance are established to provide reserves in the health insurance account that are sufficient for the payment of premium assistance benefits for each succeeding year.

Asset Class	Target Allocation	Long-term Expected Real Rate of Return
Cash	79.8%	0.1%
U.S. Core Fixed Income	17.5%	0.7%
Non-U.S. Developed Fixed	2.7%	(0.3)%
	100.0%	

For the year ended June 30, 2021, the annual money-weighted rate of return on OPEB plan investments, net of OPEB plan investment expense, was 0.31 percent. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Change in Assumptions: The discount rate used to measure OPEB liability decreased from 2.66 percent as of June 30, 2020 to 2.18 percent as of June 30, 2021.

Discount Rate

The discount rate used to measure the total OPEB liability was 2.18 percent. Under the plan's funding policy, contributions are structured for short-term funding of premium assistance. The funding policy sets contribution rates necessary to assure solvency of premium assistance through the third fiscal year after the actuarial valuation date. The premium assistance account is funded to establish reserves that are sufficient for the payment of premium assistance benefits for each succeeding year. Due to the short-term funding policy, the OPEB plan's fiduciary net position was not projected to be sufficient to meet projected future benefit

CHICHESTER SCHOOL DISTRICT
 NOTES TO FINANCIAL STATEMENTS
 JUNE 30, 2022

NOTE 15 PUBLIC SCHOOL EMPLOYEES' RETIREMENT SYSTEM OTHER POSTEMPLOYMENT BENEFITS PLAN
 (cont'd)

payments; therefore, the plan is considered a "pay-as-you-go" plan. A discount rate of 2.18 percent, which represents the S&P 20-year Municipal Bond Rate at June 30, 2021, was applied to all projected benefit payments to measure the total OPEB liability.

Sensitivity of the System's Net OPEB Liability to Change in Healthcare Cost Trend Rates

Healthcare cost trends were applied to retirees receiving less than \$1,200 in annual premium assistance. As of June 30, 2021, retirees' premium assistance benefits are not subject to future healthcare cost increases. The annual premium assistance reimbursement for qualifying retirees is capped at a maximum of \$1,200. As of June 30, 2021, 93,392 retirees were receiving the maximum amount allowed of \$1,200 per year. As of June 30, 2021, 611 members were receiving less than the maximum amount allowed of \$1,200 per year.

The following presents the system's net OPEB liability for June 30, 2021, calculated using current healthcare cost trends, as well as what the system's net OPEB liability would be if its healthcare cost trends were one percentage point lower or one percentage point higher than the current rate:

	<u>1% Decrease</u>	<u>Current Trend Rate</u>	<u>1% Increase</u>
Proportionate share of the net OPEB liability	\$ 5,207,000	\$ 5,207,000	\$ 5,208,000

Sensitivity of the District's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate

The following presents the net OPEB liability, calculated using the discount rate of 2.18 percent, as well as what the net OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (1.18 percent) or one percentage point higher (3.18 percent) than the current rate:

	<u>1% Decrease 1.18%</u>	<u>Current Discount Rate 2.18%</u>	<u>1% Increase 3.18%</u>
Proportionate share of the net OPEB liability	\$ 5,976,000	\$ 5,207,000	\$ 4,574,000

OPEB Plan Fiduciary Net Position

Detailed information about PSERS' fiduciary net position is available in PSERS Comprehensive Annual Financial Report, which can be found on the system's website at www.psers.pa.gov.

CHICHESTER SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 16 SINGLE EMPLOYER OTHER POSTEMPLOYMENT BENEFITS PLAN

Plan Description

The District administers a single employer defined benefit healthcare plan (“the Retiree Health Plan”) for employees who meet the eligibility requirements upon retirement. The District’s retired employees are allowed to continue coverage for themselves and their dependents in the employer’s group health plan until the retired employee reaches Medicare age. In order to obtain coverage, retired employees must provide payment equal to the premium determined for the purpose of COBRA. In accordance with the GASB Codification, retiree benefits are viewed as a form of deferred compensation. As such, the benefits are treated as being earned over the working lifetime of the employee so that the cost is fully charged to operations by the earliest date of eligibility under the plan. A plan report is available in the District office.

Funding Policy

The contribution requirements of plan members are established and may be amended by the Board of School Directors. The District has no assets accumulated in a trust or equivalent arrangement for the purpose of administering the OPEB plan. The required contribution is based on projected pay-as-you-go financing requirements, with any additional amount to prefund as determined annually by the Board of School Directors. For fiscal year 2022, the District made payments of \$94,414 to plan members eligible for receiving benefits.

Actuarial Assumptions and Other Inputs

The total OPEB liability was measured as of June 30, 2021. The total OPEB liability as of June 30, 2021 was determined by rolling forward the system’s total OPEB liability as of the July 1, 2020 actuarial valuation to the June 30, 2021 measurement date using the actuarial assumptions noted below.

Discount Rate

The discount used to measure the total OPEB liability was 2.28 percent based on S&P Municipal Bond 20-year High Grade Rate Index at June 30, 2021.

Salary Increases

An assumption for salary increases is used only for spreading contributions over future pay under the entry age normal cost method. For this purpose, salary increases are composed of a 2.5 percent cost of living adjustment, 1 percent real wage growth, and for teachers and administrators a merit increase which varies by age from 2.75 to 0 percent.

CHICHESTER SCHOOL DISTRICT
 NOTES TO FINANCIAL STATEMENTS
 JUNE 30, 2022

NOTE 16 SINGLE EMPLOYER OTHER POSTEMPLOYMENT BENEFITS PLAN (cont'd)

Withdrawal

Rates of withdrawal vary by age, gender, and years of service. The plan utilizes Actuary's Turnover Table T-3 for establishing withdrawal rates. Rates for new employees start at 22.9 percent for both men and women and decrease with age and service. Sample rates are as follows:

<u>Age</u>	<u>Male Rate</u>	<u>Female Rate</u>
25	2.5700%	5.0200%
30	2.5700%	4.0200%
35	1.5000%	2.8500%
40	1.3400%	1.6000%
45	1.3700%	1.6500%
50	1.9200%	2.0600%
55	3.3800%	3.1100%
60	5.5700%	6.4000%

Mortality Rates

Pre-retirement mortality rates are established based on the RP-2014 Employee (Male and Female) tables as published by the Society of Actuaries. Postretirement mortality rates are established based on the RP-2014 Healthy Annuitant (Male and Female) tables as published by the Society of Actuaries. Mortality improvement utilizes Scale MP-2016 (Male and Female) as published by the Society of Actuaries.

Disability

No disability was assumed.

Retirement

Assumed retirement rates are based on PSERS plan experience and vary by age, service, and gender. All employees are assumed to retire when eligible for unreduced benefits under the PSERS system. For employees hired before July 1, 2011, this is the earlier of 1) age 60 with 30 years of service, 2) at least 35 years of service, or 3) age 62 with at least one year of service. For employees hired after July 1, 2011, this is the earlier of 1) age 65 with at least three years of service or 2) age plus at least 35 years of service equals 92.

Percent of Eligible Retirees Electing Coverage in Plan

Fifty percent of all employees elect coverage in the plan at retirement.

CHICHESTER SCHOOL DISTRICT
 NOTES TO FINANCIAL STATEMENTS
 JUNE 30, 2022

NOTE 16 SINGLE EMPLOYER OTHER POSTEMPLOYMENT BENEFITS PLAN (cont'd)

Percent Married at Retirement

Eighty percent of employees are assumed to be married and 15 percent of spouses elect coverage in the plan at retirement. Non-spouse dependents are deemed to be immaterial.

Spouse Age

Wives are assumed to be two years younger than their husbands.

Per Capita Claims Cost

The per capita claims cost for medical and prescription drugs is based on the expected portion of the group's overall cost attributed to individuals in the specified age and gender brackets. Dental and vision costs are assumed to not vary with age or gender. The resulting costs are as follows:

<u>Age</u>	<u>Medical and Prescription Drug Combined</u>	
	<u>Males</u>	<u>Females</u>
45 - 49	\$ 7,652	\$ 11,052
50 - 54	\$ 10,136	\$ 12,491
55 - 59	\$ 12,345	\$ 13,070
60 - 64	\$ 16,109	\$ 15,014
65+	\$ 4,608	\$ 4,608

Retiree Contributions

Retiree contributions are assumed to increase at the same rate as the healthcare cost trend rate.

Healthcare Cost Trend

The healthcare cost trend was 5.5 percent in 2021 through 2023, decreasing from 5.4 percent in 2024 to 4.0 percent in 2075 and later based on the Society of Actuaries Long-Run Medical Cost Trend Model.

Actuarial Value of Assets

The actuarial value of assets was equal to the market value of assets.

Actuarial Cost Method – Entry Age Normal

Under the entry age normal cost method, the normal cost is the present value of benefits allocated to the year following the valuation date. Benefits are allocated on a level basis

CHICHESTER SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 16 SINGLE EMPLOYER OTHER POSTEMPLOYMENT BENEFITS PLAN (cont'd)

over the earnings of an individual between the date of hire and the assumed retirement age. The accrued liability as of the valuation date is the excess of the present value of future benefits over the present value of future normal cost. The unfunded accrued liability is the excess of the accrued liability over the actuarial value of assets. Actuarial gains and losses serve to reduce or increase the unfunded accrued liability.

Participant Data

Participant data is based on census information as of July 1, 2021. As of this date, the plan consisted of 16 inactive plan members or beneficiaries currently receiving benefits and 502 active plan members, for a total of 518 plan members.

Sensitivity Analysis

The following presents the net OPEB liability, calculated using the valuation discount rate, as well as what the net OPEB liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate.

	1% Decrease 1.28%	Current Discount Rate 2.28%	1% Increase 3.28%
Total OPEB liability	\$ 2,754,999	\$ 2,550,707	\$ 2,356,164
Fiduciary net position	-	-	-
Net OPEB liability	<u>\$ 2,754,999</u>	<u>\$ 2,550,707</u>	<u>\$ 2,356,164</u>

The following presents the net OPEB liability, calculated using the valuation healthcare cost trend rate, as well as what the net OPEB liability would be if it were calculated using a trend rate that is one percentage point lower each year or one percentage point higher each year than the current rate.

	1% Decrease	Current Rate	1% Increase
Total OPEB liability	\$ 2,229,945	\$ 2,550,707	\$ 2,934,188
Fiduciary net position	-	-	-
Net OPEB liability	<u>\$ 2,229,945</u>	<u>\$ 2,550,707</u>	<u>\$ 2,934,188</u>

CHICHESTER SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 16 SINGLE EMPLOYER OTHER POSTEMPLOYMENT BENEFITS PLAN (cont'd)

Changes in Total OPEB Liability

Total OPEB liability - beginning	\$6,425,934
Service cost	98,296
Interest	218,459
Difference between expected and actual experience	(3,988,586)
Changes of assumptions	263,111
Benefit payments	(466,507)
Net change	(3,875,227)
 Total OPEB liability - ending	 \$2,550,707

The amount of OPEB expense for the single employer plan recognized by the District was 375,184 for the year ended June 30, 2022. At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Change in assumptions	\$ 832,386	\$ -
Differences between expected and actual experience	188,271	3,729,115
Contributions subsequent to the measurement period	94,414	-
	\$ 1,115,071	\$ 3,729,115

An amount of \$94,414 is reported as deferred outflows of resources resulting from the District's contributions subsequent to the measurement date and will be recognized as a reduction of the net OPEB liability in the year ended June 30, 2023. Other amounts will be reported as deferred outflows of resources and deferred inflows of resources related to OPEB and will be recognized in OPEB expense as follows:

Year Ending June 30,		
2023	\$	4,453
2024		4,453
2025		(138,189)
2026		(286,575)
2027		(286,575)

		\$ (2,708,458)

CHICHESTER SCHOOL DISTRICT
 NOTES TO FINANCIAL STATEMENTS
 JUNE 30, 2022

NOTE 17 NET OTHER POSTEMPLOYMENT BENEFITS LIABILITY

The District's aggregate net OPEB liability and deferred inflows and outflows of resources are as follows:

	Net OPEB Liability	Deferred Outflows of Resources	Deferred Inflows of Resources
District Plan (See Note 16)	\$ 2,550,707	\$ 1,115,071	\$ 3,729,115
PSERS Plan (See Note 15)	5,207,000	1,001,493	227,892
Total	\$ 7,757,707	\$ 2,116,564	\$ 3,957,007

NOTE 18 CHANGE IN ACCOUNTING PRINCIPLE

In accordance with adoption of GASB Statement No. 87, as discussed in Note 1, the District has restated its July 1, 2020 net position in its governmental activities to record the right to use assets and lease liabilities associated with the District's leasing arrangement. The net result of this change is an increase of \$12,736 in net deficit in its governmental activities.

NOTE 19 UNCERTAINTIES

As a result of the spread of the COVID-19 coronavirus which is ongoing at June 30 2022, economic and operational uncertainties have arisen which may impact the District in fiscal year 2023. There exist uncertainties surrounding the District's operations in the 2022 - 2023 school year in terms of whether instruction will continue to be remote or hybrid and for what length of time. The uncertainties surrounding the on-site operations will have a direct impact on individual revenue and expense items that are dependent on services being provided to students while on site. The extent of the potential impact is unknown as the COVID-19 pandemic continues to develop.

NOTE 20 SUBSEQUENT EVENTS

The District has evaluated all subsequent events through November 22, 2022, the date the financial statements were available to be issued.

**CHICHESTER SCHOOL DISTRICT
SINGLE AUDIT SUPPLEMENT**

INDEPENDENT AUDITOR'S REPORT ON
INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS

November 22, 2022

Board of School Directors
Chichester School District
Aston, Pennsylvania

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Chichester School District ("the District"), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated November 22, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting ("internal control") as a basis for designing procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Board of School Directors
Chichester School District

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

BARBACANE, THORNTON & COMPANY LLP

INDEPENDENT AUDITOR'S REPORT ON
COMPLIANCE FOR EACH MAJOR PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE
REQUIRED BY THE UNIFORM GUIDANCE

November 22, 2022

Board of School Directors
Chichester School District
Aston, Pennsylvania

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the Chichester School District's ("the District") compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2022. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence

Board of School Directors
Chichester School District

we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for the major federal program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts, or grant agreements applicable to the District's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Town's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

I - Indirect Funding

CHICHESTER SCHOOL DISTRICT

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

NOTE A BASIS OF ACCOUNTING

All expenditures included in the schedule of expenditures of federal awards are presented on the basis that expenditures are reported to the respective federal grantor agencies. Accordingly, certain expenditures are recorded when paid and certain other expenditures are recorded when the federal obligation is determined.

NOTE B NONMONETARY FEDERAL AWARDS - DONATED FOOD

The Commonwealth distributes federal surplus food to institutions (schools, hospitals, and prisons) and to the needy. Expenditures reported in the schedule of expenditures of federal awards under CFDA #10.555 include federal surplus food consumed by the District during the 2021 - 2022 fiscal year.

NOTE C ACCESS PROGRAM

The ACCESS Program is a medical assistance program that reimburses local educational agencies for direct eligible health-related services provided to enrolled special needs students. Reimbursements are federal source revenues but are classified as fee-for-service and are not considered federal financial assistance. The amount of ACCESS funding recognized for the year ended June 30, 2022 was \$300,000.

NOTE D INDIRECT COST

The District has not elected to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance. For the year ended June 30, 2022, there were no indirect costs included in the schedule of expenditures of federal awards.
