## INDEPENDENT AUDITOR'S REPORT

To the Board of the Authority  
Springfield Township, York County, Sewer Authority  
Seven Valleys, Pennsylvania

### ***REPORT ON THE FINANCIAL STATEMENTS***

We have audited the accompanying modified cash basis financial statements of Springfield Township, York County, Sewer Authority, a component unit of Springfield Township, York County, Pennsylvania, as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the Springfield Township, York County, Sewer Authority's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatements of the financial statements, whether due to fraud or error. In making those risk assessments the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Basis for Qualified Opinion***

As described in Note 1, the Authority does not depreciate capital assets. Accounting principles applicable to the Authority's modified cash basis of accounting require capital assets to be depreciated over their estimated useful lives. If the financial statements were adjusted to record depreciation, based on the straight-line depreciation method, capital assets would have decreased by \$ 6,715,068 as of December 31, 2020 and the changes in net position would have decreased by \$ 357,220 for the year then ended.

### ***Qualified Opinion***

In our opinion, except for the effects of the matter discussed in the Basis for Qualified Opinion paragraph, the financial statements referred to above present fairly, in all material respects, the modified cash basis financial position of Springfield Township, York County, Sewer Authority as of December 31, 2020, and the changes in modified cash basis financial position and its cash flows for the year then ended in accordance with the modified cash basis of accounting described in Note 1.

### ***Basis of Accounting***

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

### ***Other Matters***

#### *Other Information*

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Springfield Township, York County, Sewer Authority's basic financial statements. The statement of revenues, expenses, and changes in net position – modified cash basis – by municipality and statement of cash flows – cash basis – by municipality are presented for purposes of additional analysis and is not a required part of the basic financial statements.

The statement of revenues, expenses, and changes in net position – modified cash basis – by municipality and statement of cash flows – cash basis – by municipality are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the statement of revenues, expenses, and changes in net position – modified cash basis – by municipality and statement of cash flows – cash basis – by municipally are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

## Notes to Financial Statements

---

### NOTE 1 SIGNIFICANT ACCOUNTING POLICIES

---

#### ***Description of Operations***

Springfield Township, York County, Sewer Authority (the "Authority") is a body, politic and corporate, created pursuant to an ordinance of the Board of Supervisors of the Township of Springfield, York County, Pennsylvania (the "Township"), under an Act of the General Assembly of the Commonwealth of Pennsylvania, approved on May 2, 1945, P.L. 382, as amended and supplemented, known as the Municipality Authorities Act of 1945. The certificate of incorporation of the Authority was issued by the Secretary of the Commonwealth of Pennsylvania on June 27, 1997 and continues for a period of fifty (50) years.

The Authority was formed to construct and operate a sanitary sewage collection, transmission, treatment, and disposal system to serve portions of Springfield Township, the Boroughs of Loganville and Seven Valleys, and to provide bulk treatment service for the residents of the Borough of Jacobus.

The governing body of the Authority is a board consisting of five (5) members appointed by the Board of Supervisors of the Township. The board is authorized to exercise any and all powers conferred by the aforementioned Act necessary for the acquisition, construction, improvement, extension, maintenance, and operation of the system's facilities.

#### ***Reporting Entity***

For purposes of defining the scope of the financial reporting entity, the Authority is considered a component unit of the Township. Such determination is consistent with the Township's exercise of "oversight responsibility" pursuant to Governmental Accounting Standards Board ("GASB") Statements. There are no entities that are considered component units of the Authority.

#### ***Basis of Accounting***

The accompanying financial statements are presented on the modified cash basis of accounting. This modified cash basis of accounting differs from the accrual basis, which is the basis recognized under accounting principles generally accepted in the United States of America (GAAP). Generally, this basis recognizes assets, liabilities, net position, revenues and expenses only when they result from cash transactions. However, the modified cash basis includes reporting of undepreciated capital assets, prepaid expenses, deferred outflows of resources, and long-term debt, are shown in the financial statements.

As a result of the use of the modified basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected) and certain liabilities and their related expenses (such as accounts payable and expenses for goods or services received but not yet paid, and accrued expenses and liabilities) are not recorded in these financial statements.

#### ***Cash and cash equivalents***

The Authority considers all highly liquid investments that are readily convertible to known amounts of cash and include investments with original maturities of three months or less to be cash equivalents.

**SPRINGFIELD TOWNSHIP, YORK COUNTY, SEWER AUTHORITY**  
**Notes to Financial Statements**

---

**NOTE 1    SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

---

***Prepaid Bond Insurance***

As part of the issuance of the Guarantee Sewer Revenue Notes, 2011 Series A-1, A-2, and A-3, the Authority purchased a municipal bond insurance policy, which guarantees the payment of principal and interest on the notes in the event of default by the Authority.

***Capital Assets***

The Authority's modified cash basis of accounting reports capital assets resulting from cash transactions at cost.

The Authority defines capital assets as those with a cost of \$2,500 or greater and an estimated useful life of more than one year. All capital assets were capitalized at estimated historical cost and are updated for additions and retirements during the year. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are expensed.

All reported capital assets are reported at cost and are not depreciated over their estimated useful lives. The following details the useful lives of the Authority's capital assets:

Sewer System, Building, and Improvements	15 – 40 years
Centrifuge	40 years
Equipment	5 – 10 years

***Long-Term Liabilities***

Long-term debt is reported as a liability in the statement of net position.

***Deferred Outflows and Inflows of Resources***

In addition to assets, the statement of net position – modified cash basis, will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and will not be recognized as an outflow of resources (expense) until then. The Authority has one item that qualifies for reporting in this category, the deferred charge on bond refunding. This will be amortized in future periods. A deferred charge on bond refunding results from the difference in the carrying value of refunding debt and its reacquisition price. This amount is deferred and amortized over the shorter life of the refunded or refunding debt. In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Authority does not have any items that qualify for reporting in this category.

# SPRINGFIELD TOWNSHIP, YORK COUNTY, SEWER AUTHORITY

## Notes to Financial Statements

---

### NOTE 1 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

---

#### ***Net Position***

Net position is comprised of accumulated net earnings from operating income and expenses, nonoperating revenues and expenses, and capital contributions. Net position is classified in the following components:

**Net Investments in Capital Assets** – This component consists of undepreciated capital assets, reduced by the outstanding balances of any bonds, mortgages, notes, or other liabilities that are attributable to the acquisition, construction or improvement of those capital assets.

**Restricted**– This component of net position consists of restricted assets and deferred outflows of resources reduced by liabilities and deferred inflows of resources related to those assets. These restrictions could include constraints imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation. There was no restricted net position as of December 31, 2020.

**Unrestricted** - This component of net position is the net amount of assets, deferred outflows of resources, liabilities and deferred inflows of resources that are not included in the determination of net investment in capital assets – net of related debt or the restricted component of net position.

**Net Position Flow Assumption** - Sometimes the Authority will fund outlays from particular purposes from both restricted (e.g. restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted or unrestricted net position, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Authority's policy to consider restricted-net position to have been depleted before unrestricted-net position is applied.

#### ***Classification of Revenues***

The Authority has classified its revenues and expenses as either operating or non-operating. Operating revenues include all activities and amounts charged to customers for use of the sewer system and for the right to connect to the sewer system now or at a future date. Nonoperating revenues include interest income and insurance reimbursements.

#### ***Use of Estimates***

Management uses estimates and assumptions in preparing financial statements in accordance with the modified cash basis of accounting. Those estimates and assumptions affect the reported amounts of assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates in preparing the financial statements.

# SPRINGFIELD TOWNSHIP, YORK COUNTY, SEWER AUTHORITY

## Notes to Financial Statements

---

### NOTE 2 CASH AND INVESTMENTS

---

Section 7.1 of the Pennsylvania Municipal Authorities Act and Pennsylvania Act 10 of 2016 defines allowable investments for authorities, which are summarized as follows:

- U.S. Treasury bills
- Short-term obligations of the U.S. Government and federal agencies
- Deposits in savings accounts or time deposits or share accounts of institutions insured by the Federal Deposit Insurance Corporation or the National Credit Union Share Insurance Fund to the extent that such accounts are so insured, and, for any amounts above the insured maximum, provided that approved collateral as provided by law therefore shall be pledged by the depository.
- Obligations of United States of America or any of its agencies or instrumentalities backed by the full faith and credit of the respective governmental entity.
- Shares of an investment company restricted under the Investment Company Act of 1940.
- Obligations, participations or other instruments of any Federal agency, instrumentality, or United States government-sponsored enterprise if the debt obligations are rated at least "A" or its equivalent.
- Commercial paper issued by corporations or other business entities organized in accordance with federal or state law, with a maturity not to exceed 270 days.
- Bills of exchange or time drafts drawn on and accepted by a commercial bank, otherwise known as bankers' acceptances, if the bankers' acceptances do not exceed 180 days maturity.
- Negotiable certificates of deposit or other evidences of deposit, with a remaining maturity of three years or less.

#### ***Custodial Credit Risk – Deposits***

Custodial credit risk is the risk that in the event of a bank failure, the Authority's deposits may not be returned to it. The Authority does not have a written policy for custodial credit risk. As of December 31, 2020, \$ 1,609,230 of the Authority's bank balance of \$ 1,831,820 was exposed to custodial credit risk. The deposits were uninsured and collateralized with securities held by the pledging bank's trust department, but not in the Authority's name.

All bank deposits are fully insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized under Pennsylvania Act 72. Act 72 of 1971, as amended, is an act standardizing the procedures for pledges of assets to secure deposits of public funds with banking institutions pursuant to other laws; establishing a standard rule for the types, amounts and valuations of assets eligible to be used as collateral for deposits of public funds; permitting assets to be pledged against deposits on a pooled basis and authorizing the appointment of custodians to act as the pledger of the assets.

Based on the standards outlined in Act 72, the various banks utilized by the Authority have pledged collateral on a pooled basis on behalf of the Authority and all other governmental depositors in the respective financial institutions.

**SPRINGFIELD TOWNSHIP, YORK COUNTY, SEWER AUTHORITY**  
**Notes to Financial Statements**

**NOTE 3 CAPITAL ASSETS**

Capital assets, at undepreciated cost, for the year ended December 31, 2020 was as follows:

	Beginning Balance	Additions	Retirements	Ending Balance
<b>Cost</b>				
Capital assets not being depreciated:				
Sewer System, Building, and Improvements	\$ 11,241,599	\$ 387,882	\$ -	\$ 11,629,481
Centrifuge	2,172,773	-	-	2,172,773
Equipment	59,347	11,336	-	70,683
Construction in Process	16,628	-	(16,628)	-
<b>Total Capital Assets</b>	<u>\$ 13,490,347</u>	<u>\$ 399,218</u>	<u>\$ (16,628)</u>	<u>\$ 13,872,937</u>

**NOTE 4 NOTES PAYABLE**

Bonds payable and related activities is detailed as follows for the year ended December 31, 2020:

	Beginning Balance	Additions	Reductions	Ending Balance	Current Portion	Long-Term Portion
Guaranteed Sewer Revenue Note						
Direct Borrowing						
2011 A-2 Series (a)	\$ 637,000	\$ -	\$ (637,000)	\$ -	\$ -	\$ -
2011 A-3 Series (b)	4,197,000	-	-	4,197,000	656,000	3,541,000
<b>Total debt</b>	<u>\$ 4,834,000</u>	<u>\$ -</u>	<u>\$ (637,000)</u>	<u>\$ 4,197,000</u>	<u>\$ 656,000</u>	<u>\$ 3,541,000</u>

During 2011 the Authority issued notes payable with the Delaware Valley Regional Finance Authority (DeVal), to refinance existing debt. The remaining notes are detailed below. See Note 10 for contingencies related to the interest rate management plan associated with these notes.

- (a) The Guaranteed Sewer Revenue Note, 2011 A-2 Series proceeds were used to (1) currently refund a portion of the Authority's Guaranteed Sewer Revenue Bonds, 2006 Series A and Series B and (2) provide for the payment of costs and expenses of issuing and insuring the Note, 2011 A-2 Series. The note is collateralized by a pledge of all the revenue derived from the ownership and/or operation of the sewer system. In addition, the note is guaranteed by the Township under a Guaranty Agreement, dated December 21, 2011. The Boroughs of Loganville and Seven Valleys have guaranteed their proportionate share of the note, under an Intergovernmental Guaranty, dated the same date. The note requires principal payments from 2016 through 2020, with interest payable monthly at 2.39 percent.
- (b) The Guaranteed Sewer Revenue Note, 2011 A-3 Series proceeds were used to (1) currently refund a portion of the Authority's Guaranteed Sewer Revenue Bonds, 2006 Series A and Series B and (2) provide for the payment of costs and expenses of issuing and insuring the Note, 2011 A-3 Series. The note is collateralized by a pledge of all revenue derived from the ownership and/or operation of the sewer system. In addition, the note is guaranteed by the Township under a Guaranty Agreement, dated December 21, 2011. The Boroughs of Loganville and Seven Valleys have guaranteed their proportionate share of the note, under an Intergovernmental Guaranty, dated the same date. The note requires principal payments from 2021 through 2026, with interest payable monthly at 2.39 percent.

**SPRINGFIELD TOWNSHIP, YORK COUNTY, SEWER AUTHORITY**  
**Notes to Financial Statements**

---

**NOTE 4 NOTES PAYABLE (CONTINUED)**

---

***Required Debt Covenants***

The loan agreement with DelVal requires the Authority to assess rates and other charges to Authority customers and maintain unrestricted funds to sufficiently fund operations and sewer system maintenance including debt service costs that are to be paid timely per the agreed upon debt payment schedule. The agreement also requires the Authority to include debt service payments in the annual budget, appropriate funds for future loan service payments from general use funds, maintain adequate insurance policies and maintain its current exempt local government status.

The loan agreement also requires the Authority to provide DelVal and the Organizations guaranteeing the note with a copy of the annual financial statements and other financial information upon request.

In the event of default due to nonpayment or violation of assignment and various debt covenants, DelVal or the Trustee may declare all repayments to be immediately due and payable.

***Future Maturities***

The following represents future debt principal and interest payments for the outstanding debt as of December 31, 2020.

	<b>Guaranteed Sewer Revenue</b>	
	<b>Note 2011 A-3 Series</b>	
	<b>Principal</b>	<b>Interest</b>
2021	\$ 656,000	\$ 96,389
2022	674,000	80,603
2023	691,000	64,393
2024	705,000	47,794
2025	724,000	30,831
2026	747,000	13,390
	<u>\$ 4,197,000</u>	<u>\$ 333,400</u>

**NOTE 5 NOTES PAYABLE GUARANTEE**

---

The Guaranteed Sewer Revenue Notes, 2011 A-2 and A-3 Series are guaranteed by the full faith, credit, and taxing power of Springfield Township under a Guaranty Agreement (the "Guaranty"), dated December 21, 2011. The Guaranty includes 100 percent of the outstanding debt (\$ 4,197,000 at December 31, 2020), for the full term of the obligations, through 2026. In the event the Authority fails to make any scheduled loan payments, the Township is obligated to make those payments.

**SPRINGFIELD TOWNSHIP, YORK COUNTY, SEWER AUTHORITY**  
**Notes to Financial Statements**

---

**NOTE 5 NOTES PAYABLE GUARANTEE (CONTINUED)**

---

The Guaranty requires the Authority to provide to the Township and Boroughs, by November 1 each year, an adopted budget for the following year showing (1) the anticipated funds available for the scheduled payment of the debt, (2) the amount of any deficiency that the Township would be required to fund under the Guaranty, and (3) the amount of any subsidy payments the Boroughs would be required to fund under the Intergovernmental Guaranty Agreement. Should any payments be made by the Township under the Guaranty, the Authority is required to set rates and charges in the subsequent year sufficient to reimburse the Township and Boroughs in the subsequent year, and to set rates and charges in every subsequent year equal to at least 115 percent of all scheduled payments on the notes and any other debt of the Authority. There have been no payments, under the Guaranty, made by the Township in the current or any prior years.

The Intergovernmental Guaranty Agreement dated December 21, 2011, between the Township, Loganville and Seven Valleys Boroughs, and the Authority provides that, should any payments be required to be made by the Township under the Guaranty, Loganville Borough agrees to pay the Township 32.18 percent of such payment and Seven Valleys Borough agrees to pay the Township 11.66 percent of such payment. The obligations under the agreement are guaranteed by a pledge of the full faith and taxing power of Loganville and Seven Valleys Boroughs.

**NOTE 6 JACOBUS BOROUGH SEWER AUTHORITY**

---

In an agreement, dated August 16, 1995, between Jacobus Borough Sewer Authority ("Jacobus Authority") and the Township, Jacobus Authority agreed to pay the Authority a portion of the construction costs of the treatment plant and any shared facilities, as determined by the Authority's consulting engineers. Jacobus Authority borrowed its own funds and paid the Authority a lump sum capital contribution. In addition, the agreement states that the Authority will provide sewage transportation and treatment for Jacobus Authority. Jacobus Authority is charged quarterly for its proportionate share of operating costs for treatment and shared facilities, as calculated by the Authority's consulting engineers. Effective July 24, 2019 the agreement was assigned to the York Water Company.

**NOTE 7 RESERVATION FEES**

---

Operating revenues include reservation fees which are paid annually by property owners to hold available capacity within the sewer system for their future use. The original ten-year reservation period for several property owners has passed. In order to continue to reserve the capacity and as an accommodation because of economic conditions, the Authority allowed the property owners to continue to extend the reservation for an additional five-year period until July 31, 2024. The current annual reservation fee is equal to sixty percent of the current user fee applicable to the sewer district the property is located. It is expected that all reservation will convert to sewer usage at full rates at the time of connection to the system. Revenue for reservation fees were \$ 19,922 for the year ended December 31, 2020.

**NOTE 8 RISK MANAGEMENT**

---

The Authority is exposed to various risks of losses related to torts; theft of; damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Authority utilizes commercial insurance to manage its risk. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

**SPRINGFIELD TOWNSHIP, YORK COUNTY, SEWER AUTHORITY**  
**Notes to Financial Statements**

---

**NOTE 9 COMMITMENTS AND UNCERTAINTIES**

---

The Authority contracts with a local company to operate and maintain the sewer system owned by the Authority. The contract for services was for the period January 1, 2015 through December 31, 2016. The Authority signed two extensions on this contract for the periods January 1, 2017 through December 31, 2019 and January 1, 2020 through December 31, 2021. The stated monthly fee for services is \$ 9,691 per month. In addition, the Authority agrees to pay the contractor for services outside the normal service hours at \$ 70 per hour for services provided on Monday through Friday, and \$ 75 per hour for services provided on Saturday and Sunday and on recognized holidays. Services provided outside the normal service hours are subject to approval by the Authority's Board. The remaining minimum commitment for the contract as of December 31, 2020 is \$ 116,291 annually.

The COVID-19 outbreak in the United States and around the world has caused business disruption through mandated and voluntary closings of many business throughout our community. While the disruption is currently expected to be temporary, there is considerable uncertainty about the duration and extent of the economic impact. Therefore, it is reasonable to expect that some of the Authority's revenue could be impacted by the customers ability to pay for services, however the degree of such impact is uncertain at this time

**NOTE 10 CONTINGENCIES**

---

The Loan Agreement for the 2011 Guaranteed Sewer Revenue Notes obligates the Authority to pay any "termination charges" relating to interest rate swap agreements between the lender (Delaware Valley Regional Finance Authority) and third-party financial institutions. The market (termination) value of the related interest rate swap agreement is the estimated fee that would be owed by the Authority. Termination charges may result from: prepayment by the Authority of the 2011 Notes before the end of their scheduled terms; a default by the Authority or the Township (as "Guarantor") on interest or principal payments for the 2011 Notes; or other specified events described in the "Interest Rate Management Plan" associated with the Loan Agreement. The swap value associated with the Authority's debt was (\$ 235,900) at December 31, 2020. Management has evaluated the likelihood of the events, which could trigger the termination charges and believes that they are remote. There is no provision included in the financial statements for the potential impact of any termination charges.
